The 5th gathering of Peoples Global Action in Europe this time will take place in Greece.

A responsibility of organizing and coordinating the discussion that opened in the last meetings of PGA europe has taken by a decentralized network of activists and collectives in Balkans. Thats exactly and the essential advantage of this initiative. The convenor is not a local collective like other conferences in the past but a vital balkan decentralized network.

On the preparation all of these months several questions , problems as well as ideas for taking action are allready mentioned by all of us who involve with a conference here!!! Again in the Balkan region!

We would like to open a long discussion about local activism in combination with a global perspective. In other words we want to discuss about the future of the PGA network and its process as well as the various projects , topics and ideas for action.

As a reference example : the following topics that we are allready working or we want to invite people to open meeting spaces during the PGA conference.

Autonomous spaces and squatting , patriarchy , gender , radical feminism , anti repression , anti militarism , biotechnology , environmental struggles , indigenous spaces , antiglobalization , G8 , DIY activities and sharing skills , fanzines , infoshops , PGA infopoints , land and autonomy , eco communities , digital struggles and autonomous servers , indymedia tools , precarity and flexibility , radical theory , productive networking , local alternatives , activism , other , be continued if you wanna take part on the meeting we need the following information from you !! please send us as soon as possible at con2008@no-log.org .. have it in mind that our dynamic is not the best one and we need a lot of international support and definitely to know how many people are planning to join the meeting .. you need also sleeping bags and probably a tent ..
